THE FLAVOR LASTS

IN BLUE CAMP

BY HUGGINS.

Coach Dwight Ream has not diminished in the slightest, the strenuous workouts for the big Blue eleven since the victory over Fairmount Saturday. The first and second strings are getting another week of the same intensive training which they received prior to the Fairmount game, and this week's working will, if anything, be worse than that of the week before. Ream is taking no chances. He still believes that the Blue offense could be improved, and he is strong enough in his belief that he is going to make it stronger. Dark is the quitting signal at the Blue Camp this week.

Irvin, Blue Center, who played a wonderful game at Fairmount, hurt his left knee again last night, and went on the sidelines during the rest of the practice. The injury to the big center's knee is not thought to be serious, however, and he will probably make the trip to Emporia for the Washburn-K. S. N. game Saturday. The injury occurred while the first stringers were on the offense and Wyckoff smashed the line over right guard and center. The defense got into action a little too soon and Irvin went down for the count.

Pep continues to run strong at the field during practice continues to increase in numbers. With a conference championship team a probability at Washburn, the school and townspeople are all turning out for a look at the comers.

The "Washburn Home-coming" game with C. of E. will be a real home-coming, if the arrangements now being made by the Washburn Boosters club materialize. An attempt is being made by Judge Rad M. Lee, an old graduate and president of the Boosters club, to get every player of recent years back for the game. Letters are being sent by the committee on arrangements to all men who played with Washburn from 1900 to 1919, asking them to make all possible efforts to be in Topeka for the home-coming game. A big celebration is being planned in Washburn on the night preceding the game in which the old timers will feature with talks on how football was played in their day. A good influence on the football pep and morale of the team is expected from the return of the old stars of the gridiron.

No snap game is looked for by the Blues next Saturday when they clash with the Bill Hargiss Kansas Normal

RISES RAPIDLY IN COMMERCE BUREAU

Charles K. Herring.

Charles K. Herring, recently named assistant director of the bureau of foreign and domestic commerce in the department of commerce, became associated with the bureau as a trade attaché in 1913. He has held several responsible positions in the department

warriors at Emporia. Altho Hargiss men have been playing in hard luck this season in the majority of their games, and seem easily subject to stage fright when opposing a larger team, the old Gold and Black have a record of playing real football. If they can surmount the jinx of stage fright when playing the Ichabods, their chances for the game are good. Ream's men know this, and they are working like Trojans to get into the best possible shape.

Pullback Wyckoff was "out" in Tuesday night's scrimmage for the first time in his football career.

The spirit in which the team works a joy to the supporters and outlookers. When Irvin lay groaning on the ground with a hurt knee not a man on the Blue team, either scrubs or regulars moved. It wasn't because they felt that the mainstay of the line was out of the game for the balance of the season that the silence prevailed—it was because one of their teammates, a friend and a good fellow was out of the fight. Many coaches, when a man is hurt, yell out: "Take him off the field and let's have a new man," but not Dwight Ream. He knew Irvin, knew the nerve of the big center, and he realized that a "new man" would not take the place in the Blue line that Irvin could fill. Therefore, Ream knelt down by the blonde center and helped him to his feet and to the sidelines. Many anxious glances were cast toward Irvin's prostrate form on the side-lines during the next five minutes of play, and not until the hurt player was walking around trying to work the soreness out of the injured member did the regular talk on stock judging and plowing of the freshman line.

The above incident typifies the friendship and brotherly interest felt by fellow members of Ream's great fighting machine for one another. John Barstow, 155-pound guard on the Freshman team, and who also subs on the first-string, is causing the regulars much trouble to keep him out of their line, during the last week of practice. Barstow's weight and his natural fighting ability, make him a dangerous man to backfield plays, and he is a valuable man to the Ream aggregation. Barstow, Wingett and Bentley, the "fighting trio" of the scrubs, have been used consistently by Ream to buck the regular line. They "buck" it all right. Barstow hails from Oakland, is a sophomore in school, and will be back next year. He is six feet, two inches in height, and played sub guard last year.

RAILROADS LOST MONEY.

During Month of May Revenues Slumped \$13,455,871.

A railroad publication is authority for the statement that the class I railroads of the United States operated during the month of May at a total loss of \$13,455,871. The southern railroads showed the greatest loss, the western the next greatest, and in the southern districts it was said that the railroads showed a profit.

TRIED TO PASS BOGUS CHECK.

Vincent Dickinson Attempted to Cash \$30 Check Today.

Vincent Dickinson, a 16-year-old boy, was arrested this morning at the Merchants' National bank while attempting to pass a check for \$30 supposed to be signed by Max Koffman, a tailor at 508 Kansas avenue. The boy's father, Roy Dickinson, drives a truck for the Luck Mercantile company and lives at 1011 Quincy street. Koffman said the boy had passed other checks last month, all of which were made good by his mother, who lives at Sioux City, Iowa. Vincent Dickinson, it is said, is the boy who was held up a few days ago by a negro while returning home.

REFUND LICENSE FEE.

City Commission Returns \$200 to Two Electric Firms.

The city commissioners Tuesday voted to grant a refund of \$200 with interest at 6 per cent from the date it was paid to the Jordan Electric company and E. L. Overton. The two firms had paid the money, jointly, as the license fee for the operation of electric power plants in the city. The law requiring the payment of the fee passed on October 19, 1919, was repealed October 29, 1920. The two companies were the only ones who had paid the fee.

CHANGE TRAIN SCHEDULES

Rock Island Considers Revision of Passenger Trains.

A number of contemplated changes in the schedules of Rock Island trains, especially transcontinental trains and trains from St. Louis to the west and south, are being considered as a result of the recent conferences of officials of the road to consider the passenger traffic situation.

Apparently the changes are to take the place of the addition of one or more trains to the service if they go thru as suggested.

Some of the suggestions include the speeding up of the schedule between Chicago and Los Angeles of No. 3, the Golden State Limited. It is considered feasible to speed up the Golden State four and a half hours on the complete trip, and shorten its schedule by that much. The speeding up process will all be done west of Topeka, and No. 3, according to the proposed new schedule, will reach Los Angeles at 1:10 o'clock p. m. instead of at 5:30 o'clock p. m. on the second day out of Chicago. No. 3, under the changed schedule, would pass the Topeka at approximately the same time, noon, which is effective now.

There would be under the new schedule, but two passenger stops in Kansas for the de luxe train—Topeka and Hutchinson. A smaller cut in the time for No. 4, eastbound, would occur, putting No. 4 into Chicago at 9:15 o'clock a. m. instead of at 11:15 o'clock when it now reaches Chicago. Other proposed changes are to extend the run of trains Nos. 1 and 2, which now run only to Kansas City, and send them straight thru to St. Louis. This would give a straight thru train from Topeka to St. Louis, something which is not available at the present time.

Under the new schedules, trains Nos. 11 and 12 would connect at Herington with the local train for El Paso, and a thru service would be attached to them for Texas points.

All the changes, if made, will result in a betterment of the passenger service of the road, and would obviate the necessity for the addition of the new train or trains. If they are approved, they will probably become effective November 21, it was stated at the local office today.

No. 3, the most heavily patronized westbound tourist train of the road, will soon be running in two or more sections, it was prophesied at the local office today. At present, running in a single section and carrying all the coaches which can be handled and still make the schedule, reservations are hard to get on this train.

"There are more people talking about going to California this winter than there have ever been before," said C. E. Bascom, city passenger agent for the road.

"And there are more of them going without saying anything about it," said Chris Lowe, ticket agent. "They come to the window now and demand a ticket for Los Angeles with the same air that they ask for a ticket to Alma. A few years ago they used to visit every ticket station in town and get rates and possible connections and all sorts of other dope before they finally made the big decision. Now they shell out and ask few if any questions."

TO HOLD JUDGING CONTEST.

Duroc-Jersey Hogs Will Be Exhibited at Free Fair Grounds.

A judging contest on Duroc-Jersey hogs, prior to the annual sale of the Shawnee County Duroc-Jersey Breeders' association, is to be held at 10 o'clock Thursday morning, at the Kansas Free Fair grounds. The judging will be done by the students of Topeka public schools, and will be directed by R. W. Kiser, of the extension division of the Kansas State Agricultural college, who will also give a short talk on stock judging. The sale will occur Thursday afternoon.

"Only One Thing Breaks My Cold"

"That's Dr. King's New Discovery, for Fifty Years a Cold-Breaker."

TIME-TRIED for fifty years and never more popular than today. Nothing but the relief it gives from stubborn colds and coughing new ones, gripe and throat-torturing coughs could have made Dr. King's New Discovery the standard remedy it is today. No harmful drugs.

Always reliable, and good for the whole family. Has a convincing, healing taste with all its good medicinal qualities. At all druggists, 60 cents, \$1.20 a bottle.

For colds and coughs Dr. King's New Discovery

The Results of Constipation are sick headaches, biliousness, sallow skin, waste matter in the intestinal system. Correct this health-undermining condition by taking Dr. King's Pills. Feel good every day. Keep the system clean and virile. Same old price, 25 cents. All druggists.

Prompt! Won't Gripe Dr. King's Pills

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle, single, soothing touch, and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Musterole for croup-children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

Warren M. Crosby Co.

Carter Week for 1920

October 30 to November 6

Carter's KNIT Underwear

Underwear that is actually fashionable?

Why, of Course!

"Carter's" never bunches under the tight, clingy skirts of now-a-days! Never creeps up! And no wonder! The fabric in Carter's Underwear is so finely woven, so elastic, it stretches 'way out, then springs back into perfect shape. No wonder it never "bunches." And it is such a comfort to know that your underwear will always keep smooth.

A style for every kind of dress, too! You wouldn't want a long-sleeved garment under a filmy blouse, would you? And don't you hate to tuck in the neck of your union suit when you are wearing an open-necked dress? It's so bulky and is always showing anyway.

In Carter's, you don't have to. You can get it low-necked, high-necked, or bodice-topped. Sleeveless, half-sleeved, or long-sleeved. Ankle length or knee length.

It is snow white, not cream white! Becomes softer and whiter after each tubbing! Sheer, yet keeps you snugly warm! There are other reasons why particular women buy Carter's for themselves and their families year after year!

For women, children and infants, in cotton, merino, and wool—all weights. Get your fall Carter needs during Carter week.

Carter's

Infant's Underwear

Soft, cozy, with a world of protection in it, CARTER'S is simply the result of selected materials, and the special, TIME-TESTED Carter process which produces an ideal baby's undergarment.

You may be SURE that CARTER'S is put through no bleaching or other process which would cause irritation to baby's tender skin. "Comfort and satisfaction insured" — says CARTER'S.

Straight front and double breasted shapes, in wool, silk and wool, and wool and cotton. Sizes 1 to 6 years at 75c, 95c, \$1.25, \$1.50, \$1.75.
